

Accreditation of Child, Youth and Family Services Program Training Modules

Introduction

The Newfoundland and Labrador College of Social Workers (NLCSW) is the regulatory body and professional association for social workers and is responsible for regulating the practice of social work under provincial legislation titled the Social Workers Act (2010). The vision is *Excellence in Social Work*.

Social workers are committed to lifelong learning and continuing education is an integral part of that commitment. Since 1996, social workers in Newfoundland and Labrador have been required to obtain at least forty (40) continuing professional education (CPE) credits annually to renew registration. This requirement is explained in the NLCSW CPE Policy.

The Child, Youth and Family Services Program, Department of Children Seniors and Social Development is a major employer of social workers in this province and offers a comprehensive continuing education program for members of this profession. The Child, Youth and Family Services Basic Orientation (Pre-CORE) and the CORE Modules are offered to social workers and is a source of CPE credits for individuals in this field of practice. The NLCSW Registration Committee is responsible for overseeing the NLCSW CPE Policy. This Committee reviewed the Pre-CORE and CORE modules and assigned NLCSW CPE credits in accordance with the current policy. In addition to the Pre-Core and CORE modules, additional training offered by the Department has also been reviewed and accredited. The results of this accreditation process are as follows:

Child Youth Family Services Basic Orientation (Pre CORE)

Basic Orientation to Organizational Structure:

6 NLCSW CPE credits under the Elective category *In-service Training*

Child and Youth Care Protection Act:

12 NLCSW CPE credits under the Required Category *Workshop*
